Thank you for

SUPPORTING YOUR COMMUNITY

Dear Friends of Mississippi Baptist Medical Center,

On behalf of our patients, their families, and friends, thank you for the many generous gifts you shared with Baptist Health Foundation in 2018. Because you chose to invest in us, you have made an impact on the lives of those who benefit from our Christian healing ministry.

In 2018, the Baptist Health Foundation provided much-needed equipment to the hospital. Your generous gifts to our Foundation enabled us to help the tiniest of our patients by providing bassinets, Bili-Beds (special beds used to treat infants with jaundice), and infant warmers for our well baby and neonatal ICU areas. We continued our support of the Emergency Department by providing wheelchairs and beds. We funded equipment in the area of respiratory care and cardiovascular care and purchased a leading-edge Arctic Sun® cooling device that can save the lives of our patients who have had a stroke or heart attack.

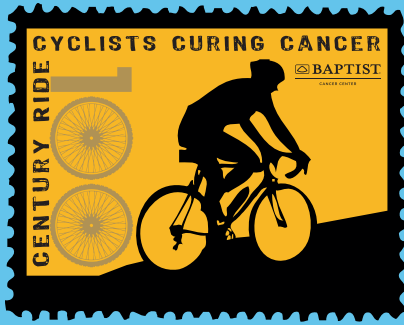

Mississippi Baptist Medical Center continues to receive recognition for our excellent service and care. In 2018, two of our specialty areas were named by Healthgrades, America’s leading independent healthcare ratings organization, as one of America’s 100 Best Hospitals for Joint Replacement Surgery and Prostate Surgery. The Healthgrades designation for America’s 100 Best Hospitals represents the top 2% of hospitals nationwide. In addition, MBMC was ranked the #1 Regional Hospital in Mississippi by U.S. News and World Report. We are proud of the dedicated men and women who serve our patients every day, as their skill, compassion, and hard work are the most important elements in our success.

I hope your heart will be full, as mine was, when you read the stories of patients whose lives are better because of their time at Mississippi Baptist Medical Center – and because of the support of friends like you. Once again, thank you for your generosity and for the obvious difference you make through your gifts to Baptist.

Crisler Boone
Executive Director
Baptist Health Foundation

- Emergency Department
- Neonatal Intensive Care Unit
- Respiratory Care
- Jackson Healthplex

TRIPLETS! MOM SAYS CHOOSING BAPTIST AMONG HER “BEST” DECISIONS

Turkey hunting suddenly became the furthest thing from his mind when Ross Hester got off the phone with his wife. For the longest time, he sat quietly, alone, in the woods trying to process the news he had just received: he and his wife were having triplets!

“Mother-to-be” Win Hester, a nurse at Bolivar Medical Center in Cleveland, Mississippi, said, “I had to take off the rest of the day when I was told!

“My uncle, who is a doctor at another hospital in Jackson, told me I should have our babies at Baptist in Jackson and recommended Dr. Meredith Travelstead as my physician. We took his advice and feel this was among the best decisions we’ve ever made!

“Originally, I was really concerned because of being a high risk pregnancy, but was assured that my doctor and hospital could handle our situation.

“We came to Jackson on a regular basis for check-ups, and, on one of the visits, Dr. Travelstead was concerned with my blood pressure. After conferring with another physician, Dr. Travelstead walked back into the exam room and said, “Okay, let’s gather the troops!” I thought she meant we should go on back to Cleveland, but that was not the case. She was ready to have these babies! We were totally caught off guard. Dr. Travelstead was troubled about my blood pressure and realized it was in everyone’s best interest to deliver right away. Things started moving quickly!”

“The entire labor and delivery process was extremely organized,” Ross said. “Each baby had his and her own team of caregivers. There were about 15 people in the delivery room — each with a specialized job. I watched as a calm just came over the room. I don’t think anyone blinked for 20 minutes!”

“I never felt stressed at all,” said Win. “Everything was very peaceful and controlled.”

The babies arrived nearly nine weeks early with the girls weighing 3.7 and 3.9 pounds, and a little boy, weighing 3.14. They stayed in the NICU for about a month.

“The staff worked hard to educate us and prepare us for going home,” Win said. “They were so awesome. It just could not have been a better experience. The girls are identical and, right now, it is very difficult to tell them apart,” she confessed. “I’m really afraid I’m going to get them mixed up!”

“We really feel very fortunate,” said Ross. “Everything went so smoothly. I can tell you I’m not going to be doing much hunting for a while,” he admitted. “I’m going to be raising babies!”

**“I never felt stressed at all,”
said Win. “Everything was very
peaceful and controlled.”**

TRAVIS DUNLAP GRATEFUL – AFTER THREE CLOSE CALLS

“You look terrible!” Travis Dunlap’s mother said when he walked into her house after she had not seen him for several weeks.

“There’s nothing like having an honest mother!” Travis laughed as the 43-year-old recalled a dramatic series of health events that began early in 2016.

“I knew I had been losing weight without trying. My feet began to swell to an extent it was hard to get my shoes on. I hadn’t been to the doctor since I was in the seventh grade, but with prodding from loved ones, I did go to an urgent care clinic where I was given an antibiotic. I got better for a while, then my feet and hands began to swell again and I became short of breath. I went to another

clinic where a blood test showed I had a high white blood count. I was referred to a hematologist who performed a series of tests. Finally, I was referred to a pulmonary specialist who became so concerned after listening to my heart that he wanted to admit me to the hospital right away. By this time, I was scared and just praying for a solution.

“When I was admitted to Baptist, we discovered I had a blood infection that had damaged my heart. I needed surgery which involved a valve replacement. The surgery brought relief – for a while.

“Two weeks later, I became short of breath again and came back to the hospital where the doctors drained a good bit of fluid from my chest.

That stabilized me, and I continued to improve.

“A few weeks later, I noticed a large lump that had begun to form on my right arm. When I went to my routine physical therapy appointment at Baptist, they looked at the lump and immediately sent me to have an ultrasound. Within 45 minutes after the ultrasound, I was in surgery!

**“I feel like I got
three chances at life!”**

“Now, I am doing just fine and know I am so blessed. I feel like I got three second chances at life!

“The doctors, nurses, therapists, assistants, and everyone at Baptist were all super. I was in the hospital so often, we got to know each other pretty well! They were really competent and compassionate, but showed me some tough love when I needed it – and I needed it a lot!

“I still go to Baptist for check-ups and enjoy seeing the people there. They saved my life! I can now run two miles and hope to start running even further.

“I am grateful for the care I got at Baptist, for my wife and son, my friends, my church and that God has given me not just a second chance, but a third chance at life. I am a blessed man!”

Photo by Kees Photography

Marilyn Turner assumed when she was finally declared “cancer free” that her health problems were over. Like so many others, she had never heard of lymphedema. Lymphedema is the swelling of one’s arms or legs due to the damage, or removal, of lymph nodes as a result of cancer treatment. This causes a blockage in the lymphatic system and prevents lymph fluid from draining properly. Marilyn was told she may have some swelling after her treatment, but it was far more swelling in her arm than she anticipated. It was painful and debilitating. Her physician referred her to Baptist’s Lymphedema Clinic – Mississippi’s only accredited Lymphedema Clinic.

“Baptist’s Lymphedema Clinic is the best ever!” Marilyn exclaimed. “They take all the time in the world to teach you how to manage your swelling. They demonstrated how to wrap my arm and told me the best material to use to wrap it. They showed me exercises I can do and were so patient working with me.

“I was given a compression sleeve at another hospital but received no instructions on how to use it. At Baptist, they guide me through everything and answer all my questions. They are great. When I walk in the door they all greet me—it’s a place that makes you feel good the minute you walk in.

**“It’s a place that makes
you feel good the minute
you walk in.”**

“The few weeks I’ve been going to the clinic, the swelling in my arm has gone down considerably. I was worried that I would have this swelling forever and not be able to do the things I enjoy doing. Now, with the help and understanding of the folks at Baptist’s Lymphedema Clinic, I feel so much better – it’s just been a real miracle to see the difference.”

Life does take strange twists. In 2010, Osler Moore was featured in a Baptist Health Foundation publication as a patient of, and loyal donor to, Baptist Medical Center. Not long after the article was written, the happily-married, retired pharmacist lost his wife of 64 years.

Osler was deeply saddened by Mary Nell's death and confided that he had too much time on his hands. Attempts to keep busy by having coffee with friends and getting involved with various organizations did not seem to fill the void. On a whim, he decided to visit to his alma mater, Howard College (now called Sanford University) in Alabama, to see how it had changed since he graduated. It was there he reconnected with a former

classmate Billie Small. Billie had lost her husband around the same time Osler's wife had passed away. Billie and Osler dated for a while and, before too long, knew they were in love. They were married on Valentine's Day in 2013.

“This kind of gift helps everyone involved.”

Osler and Billie like staying very busy — which is easy under their new circumstances. Osler quickly became embraced by Billie's family and now has two children, four grandchildren and four great grandchildren. He and Billie are treasuring life — and continuing to

touch the lives of others.

After making a long series of traditional cash contributions and three gift annuities over the past 20 years, Osler and Billie wanted to give more. “We prayed about it and decided what we should do,” said Billie. “We prayed that our gift would help people, that it would make life better for others.” After careful thought, Osler and Billie chose to give another annuity — a vehicle that would help them, the hospital and those Baptist serves.

“This kind of gift helps everyone involved,” said Osler, “And, giving to Baptist is so easy. We have always had great care there, and, when we choose to give, it's very simple to do. We feel really good because we know we're helping other people.”

JEFF FINCH CYCLIST, TURNED CANCER PATIENT, RIDES WITH A PURPOSE

“...now I ride in it because I believe in a purpose bigger than myself.”

Photo by Kees Photography

“Oddly enough,” said Jeff Finch, “After riding in Cyclists Curing Cancer Century Ride for many years, I actually became a cancer patient. I turned out to be a cyclist with cancer and had a strong desire to support the hospital who helped me.”

Besides being an avid cyclist, the high-energy entrepreneur is a fitness enthusiast who has participated in many marathons, triathalons, Crossfit, and even an Ironman event. Somehow, he manages to stay fit while juggling his various businesses.

Jeff’s activities “somewhat”

slowed when he was diagnosed with cancer in 2014. Because of the physicians and other health care professionals he came to know through the Ride, he chose to be treated at Baptist.

“As I expected, the care at Baptist was great.” Jeff recalled. “I remember on my first day of treatment I received a care package assembled by a church youth group. Another cancer patient saw me with the care package and said, ‘Welcome to the club!’ I knew I was in for quite a journey and wasn’t about to have a pity party. It wasn’t easy, but I knew God was with me the entire time.

“The day after I finished my last radiation treatment and rang the gong in the Cancer Center lobby to celebrate, I rode in the 2016 Cyclists Curing Cancer Century Ride. I was determined not to miss it! My caregivers at Baptist signed the back of my biking jersey and I wore it during the 2018 ride. That was really special!

“I love to ride and Cyclists Curing Cancer means a lot to me. Of course, it’s a lot of fun, but now I ride in it because I believe in a purpose bigger than myself. Raising money for the good causes at Baptist is worth it.”

The 2018 Cyclists Curing Cancer Century Ride drew 281 riders from across Mississippi, Alabama, and Louisiana marking a successful 17th year for the Ride.

Beginning at the Clinton Healthplex, with perfectly beautiful weather, and meandering along the scenic Natchez Trace with four themed rest stops, the day concluded with ice cold chocolate milk, chilled towels, a delicious lunch, live music, door prizes, massages, and more.

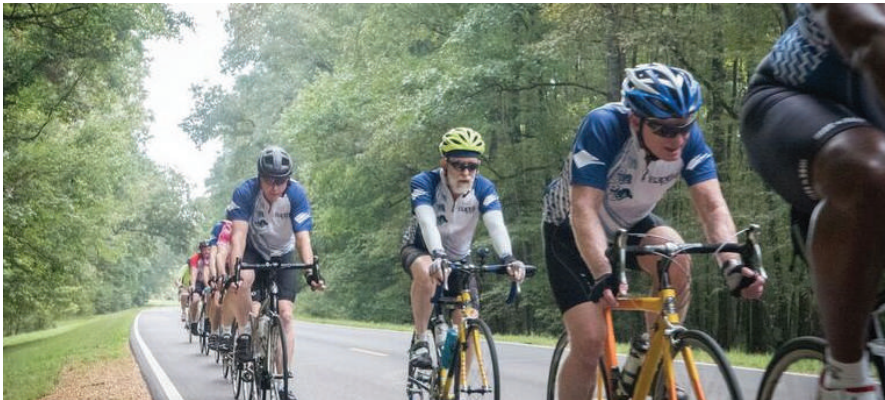

Proceeds from the event went toward the Serenity Garden and Patient Navigator efforts at Baptist Cancer Center – all designed to enhance our cancer patients’ experience, as often they are going through some of the toughest times in their lives.

To the 50-plus generous sponsors and 100 enthusiastic volunteers, **THANK YOU for your support, your time, and your hard work to help make CCCR an acclaimed event for our area.**

We hope you will mark your calendars for Cyclists Curing Cancer Century Ride on September 7, 2019, and come enjoy the Ride!

MARK YOUR CALENDAR 18TH ANNUAL CYCLISTS CURING CANCER CENTURY RIDE

Twenty-one teams, along with countless enthusiastic volunteers, joined in support of Baptist Heart for the second annual Hearts and Clubs Golf Tournament at Annandale Golf Club on April 10, 2018. Special guest PGA Tour Player Troy Matteson played Hole #1 with every foursome. Matteson spent time with each group and gave tips to each golfer. Participants enjoyed a picture-perfect day, a delicious lunch, a post-round awards reception, and more.

A heart-felt "thank you" to all that participated!

Mississippi has one of the highest mortality rates for breast cancer in the country. That is why **fund for the girls**, Mississippi Baptist Medical Center's breast health initiative, was created. **fund for the girls** covers the cost of breast health services, such as screening and diagnostic mammograms, ultrasounds, and biopsies for Mississippians in need. **fund for the girls** focuses on early intervention and works every day to help area women detect and defeat breast cancer.

Our radiologists and Mississippi Baptist Medical Center make this initiative possible by reducing mammogram fees for these patients and the Baptist Health Foundation extends monetary assistance to cover the rest.

100% of dollars raised go directly to patient care. **We are making a difference one person at a time — one mammogram at a time.**

To learn more about how **fund for the girls** benefits the community, please visit <http://www.fundforthegirls.com>.

"**fund for the girls** brings hope to our most vulnerable, comfort to those struggling, and courage to fight another day."
Debo Dykes, 4-year breast cancer survivor

BY HELPING US PURCHASE
LIFESAVING EQUIPMENT

like the Arctic Sun®

This advanced technology is a non-invasive precision temperature management system used to lower body temperature in comatose patients who have experienced Sudden Cardiac Arrest (SCA) and patients at risk of brain damage due to poor blood flow. Cooling the body by inducing hypothermia can reduce brain injury and improve neurological outcomes.

IN ADDITION, because of your support, Baptist Health Foundation was able to assist with such important capital needs as:

- Purchasing new bassinets, infant warmers, and a Bili-Bed for our Nursery
- Renovating the Cancer Center
- Refurbishing the Jackson HealthPlex
- Acquiring specialized equipment for our Clinical Laboratory
- Buying new wheelchairs and visitor chairs for the Emergency Room
- Procuring innovative new ventilators, a bronchoscope, and nerve conduction study equipment for our Respiratory Care Department

Thank you for truly making a difference

Your support means a great deal to us, and we have made every effort to list your name accurately. If your name is not listed as you wish, please call or email us. Thank you!

Carry the MISSION

In 2018, Carry the Mission celebrated **21 years of assisting employees in need and nonprofit organizations in our community**. Mississippi Baptist Medical Center's employees are very proud of this robust employee giving program with approximately 1000 team members contributing.

CTM has helped nearly 1500 employees and supported hundreds of nonprofits in our community since it began in 1997. In 2018, our co-workers **raised \$345,118**, with MBMC's match of 50 cents for every dollar employees contributed. This year, **CTM assisted 133 employees through Benevolence, Scholarship, and Christmas Assistance and supported 56 local nonprofit organizations.**

At Baptist, there is great enthusiasm for CTM and its mission of helping our co-workers and the community we serve.
