

Honoring Lifesaving Care with a **GENEROUS HEART**

 **BAPTIST**[®]

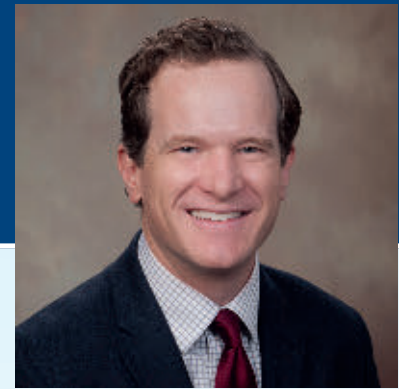

HEALTH FOUNDATION

2022 ANNUAL REPORT

THANK YOU

for your generous support

Dear Friends of Baptist,

Thank you for your support during these unprecedented times in health care. While there are many challenges facing our industry, we are encouraged by your generosity, which never waned during the pandemic. Inspired by your support, Baptist continues to receive recognition for the high quality, compassionate care we provide throughout Mississippi – and even beyond. These accolades are a testament to the commitment of every team member at Baptist.

US News and World Report once again recognized Mississippi Baptist Medical Center as the #1 hospital in Mississippi, and Leap Frog awarded us an “A” for safety. Quality and safety remain the hallmarks of Baptist.

Funding from the Baptist Health Foundation enables crucial projects at Mississippi Baptist Medical Center where capital dollars from the budget fall short. In this Annual Report, you will see examples of what your generosity has done for our patients and their loved ones. From new technology that connects parents with their babies in the NICU, to a much-needed new Critical Care Waiting Area and beautifully furnished pediatric waiting rooms in the Emergency Department, your support makes possible the impossible. Every day, our patients see and feel the difference you are making for them and their families.

Support for the Foundation and Mississippi Baptist Medical Center has grown over the last three years. Despite all of the uncertainty in our world, you have continued to make Baptist a priority with your charitable giving. Thank you for your trust in Baptist!

With appreciation,

Bobbie K. Ware
Chief Executive Officer
Mississippi Baptist Medical Center

Dear Friends,

2022 was a special year for the Baptist Health Foundation. As you read these pages, please know how grateful we are for your generous support. Without you, none of these stories are possible.

In November, we celebrated the 10th anniversary of **fund for the girls** – a program that has provided over \$1 million for those seeking breast services at Baptist. These patients need screening mammograms, ultrasounds, and biopsies, but lack insurance coverage. **Fund for the girls** steps in and meets the need. The original founders of **fund for the girls** returned to Baptist for a special night, along with many donors, staff, friends, and one very special grateful patient, who spoke for thousands who have been served by **fund for the girls**.

In December, we dedicated the much-anticipated Critical Care Waiting Room to serve our patients’ families as they anxiously await news of their loved ones. This followed the 2021 opening of our new chapel, which is adjacent to the waiting area. As you enter the hospital and look across the lobby, you see a large wooden cross marking this new space – the ultimate sign of hope!

We look forward to 2023 and beyond as we tackle more projects for our hospitals. Thanks to an extraordinary gift from Jean and Kelley Williams honoring Dr. Earl Fyke III and the late Dr. Mart McMullan, a brand new cardiac catheterization lab will open to support our talented electrophysiologists. We also continue to raise funds for a mobile cardiovascular screening unit that will travel the region promoting heart health. Your support is serving patients and saving lives!

We have much to be thankful for and much work to do!

With gratitude,

Stephen D. Snead
Executive Director
Baptist Health Foundation

Ribbon Cutting Ceremony For Our **CHAPEL HALL CRITICAL CARE WAITING AREA**

Thanks to the generous support of many community-minded friends, our physicians and other thoughtful donors, Baptist staff and special guests recently dedicated the Chapel Hall Critical Care Waiting Area that now accommodates families during their time of need. This space adjoining the new chapel is designed to help ease the heavy burden these families face, offering them physical, emotional and spiritual comfort when they need it most.

Honoring Lifesaving Care with a **GENEROUS HEART**

KELLEY WILLIAMS

While duck hunting in remote Wilkinson County in 1996, Kelley Williams, an avid sportsman, suddenly felt weak and short of breath. Thinking these feelings would subside, he continued his excursion.

“We were having such a good time, I tried to ignore my symptoms,” Kelley said. “But they grew worse where I couldn’t sleep lying down, and I developed a deep, croupy cough. I thought I might have pneumonia. After two days, I finally came to my senses and went to the nearest doctor in Woodville. He examined me and then took me into the x-ray room where there was the most ancient x-ray machine I’d ever seen!

“After studying the x-rays, the doctor came back into my room and said he had good news and bad news. The good news was that I didn’t have pneumonia, but the bad news was I had fluid in my lungs and was in acute congestive heart failure! I needed to get to Baptist quickly.

I immediately called my good friend Dr. Mart McMullan, a cardiovascular surgeon, who was duck hunting himself at the time. He dropped everything to meet me at Baptist’s ER.”

As CEO at a major corporation, Kelley had received many yearly physicals at the renowned Cooper Clinic in Dallas, Texas. It was through these wellness evaluations that his doctors discovered a condition called mitral valve prolapse, where

Kelley and Jean wanted to somehow honor the remarkable work of both Dr. McMullan and Dr. Fyke, who cared for him with such great skill and compassion.

there is abnormal valve closure - potentially causing leakage of blood back into the heart's left atrium when the heart muscle contracts. At that time, the leakage was mild, and he would regularly get echocardiograms at Baptist, under the care of cardiologist Dr. Earl Fyke. For many years, he had had no problems with the disorder and never really anticipated any.

When he arrived at the ER, Dr. Steve Hindman, the Baptist cardiologist on call, was able to determine, through his history and additional tests, that some of the support structure of the mitral valve had ruptured causing severe valve leakage and fluid to fill his lungs.

Dr. McMullan didn't hesitate; he knew he had to act quickly. Early the next day, Kelley was undergoing surgery - mitral valve repair - by the capable hands of his long-time friend. The surgery was successful and, in fact, considered ahead of its time as many surgeons were still performing valve replacements around that

MARTIN McMULLAN, M.D.

Dr. McMullan was a prominent cardiovascular surgeon and former Chief of Staff at Baptist, who performed lifesaving surgery on Kelley Williams, his close friend.

period instead of repairing the valve. Kelley has remained under the vigilant care of Dr. Fyke ever since.

"I've heard of all the advancements that have been made in cardiovascular surgery since I was operated on. But I can tell you Mart did a great job on me! I have not had any problems since that original scary episode."

"Baptist has been fortunate to have incredible cardiovascular surgeons over the years," said Dr. Fyke. "Mart McMullan was an excellent physician - truly accomplished in his field. Kelley's valve repair is

as sound today as the day it was done."

Dr. McMullan, a highly regarded physician at Baptist, passed away in February 2020. Filled with such gratitude for his friend, Kelley, along with his wife, Jean, and their family, wanted somehow to honor the remarkable work of both Dr. McMullan and Dr. Fyke, who cared for him with such great skill and compassion. He learned of the need for major renovations in the cardiac

catheterization area and thought that's how he would show his appreciation.

Kelley and Jean made an extremely generous contribution of one million dollars to fund the much-needed reconstruction project and wanted the two leading edge Cardiac Catheterization Laboratory rooms named in honor of, and in memory of, these two important physicians in his life: Dr. F. Earl Fyke III and Dr. Martin "Mart" McMullan. Ribbon cutting for the state-of-the-art procedure rooms is scheduled for Spring 2023.

FINALLY Bringing Mackenzi Grace HOME

“During the entire labor and delivery process, the nurses and doctors moved calmly and reassuringly. They were so amazing!”

LATOYA AND SHAMARRICK BUTLER

Ten years is a long time to wait to have a baby. However, that’s exactly the time it took before LaToya and Shamarrick Butler could welcome Mackenzi Grace into their family.

“We had been trying a very long time to have a baby,” LaToya said. “But due to fertility issues, it just wasn’t happening. We eventually decided to try in vitro fertilization. That seemed to work, and we were so excited when we learned I was finally pregnant. But, the excitement didn’t last long as I lost the baby at 17 weeks. We were incredibly disappointed.”

As soon as she recovered, the Brookhaven couple decided to try in vitro one more time. This time, it appeared to be going better, but at 27 weeks, LaToya went into pre-term labor. The doctors tried to stop her labor, but that didn’t work.

“I’m a labor and delivery nurse so I understood what was going on. That was both a blessing and a curse! I knew the best-case

scenario was that our little one would spend time in the NICU – and that’s exactly what happened. Little Mackenzi Grace was born weighing two pounds, four ounces.

“During the entire labor and delivery process, the nurses and doctors moved calmly and reassuringly. They were so amazing!” LaToya recalled.

“The whole time Mackenzi Grace was in the NICU, the entire staff were wonderful. During her lengthy stay – two months and two weeks – we were constantly

visiting and calling, but no one never acted as if we were bothering them. We were very fortunate in that Baptist had just installed their new NICU camera system where we could watch our baby remotely when we couldn’t get to the hospital to visit. That meant a whole lot!

“There were some scary times while Mackenzi Grace was in the NICU when we thought she might not make it. Dr. Robbins, our neonatologist, told us something very touching that helped sustain us through our many ups and downs – that ‘doctors pray, too.’ We prayed a lot and knowing the people who cared for Mackenzi Grace prayed for her also meant the world to us. We are so grateful for the care at Baptist and to have our sweet little girl home with us. She has truly been a blessing to us and our entire family.”

Nurses demonstrate the neonatal intensive care camera system that allows parents to observe their newborns remotely. The system was funded through contributions to the Baptist Health Foundation.

GRATEFUL

for *fund for the girls*

“

I am so grateful fund for the girls was there for me. No one should have to worry about the cost of breast cancer during treatment.

”

SHERRY PALMER

Sherry Palmer had been self-employed with her commercial and residential cleaning service for more than 20 years until the pandemic in 2020, when her business, like so many others, came to a halt. Around that time, her doctor recommended she get a mammogram. The Vicksburg native decided to take advantage of Baptist's mobile mammography van that traveled to her city twice a month. "I was really glad I could get the mammogram right here in my hometown!" Sherry said. "It was so convenient!"

"After my mammogram, I received a call saying I needed to go to Baptist's Breast Health Center in Jackson for another mammogram," she recounted. "I became concerned about why I needed a second one and about the cost. When the radiologist came in to discuss his concerns with my second mammogram and the subsequent sonogram, my head was spinning. I

wondered 'how am I going to pay for all this?'

"Next, I met with my surgeon, Dr. Nathan Maples, who further explained my diagnosis and ordered a biopsy. I remember saying, 'I can't have breast cancer; I can't afford to have breast cancer!'

"During my biopsy, the tech held my hand the entire time. As a breast cancer survivor herself, she prayed with me and for me.

"I was assigned a nurse navigator, Adrienne Russell, who was, and still is, my rock through this unbelievable journey. She told me about a unique program at Baptist called **fund for the girls** which assists uninsured and underinsured breast cancer patients, typically, if they apply and qualify prior to their imaging. I immediately applied for help.

"I remember getting my letter of acceptance and crying tears of relief. The financial burden had been lifted!

"Then, Dr. Maples and his nurse called to tell me my biopsy results showed I had invasive breast cancer. We were all so emotional during that phone call. They cried with me. He explained my surgical options, and, as a team, we came up with a plan.

"It has been a tough journey, but having an exceptional team made it so doable. They all became my family. I'm doing well and continue to see my cancer care team for follow-ups. I'm so thankful to get a chance to see my grandchildren grow up and to pursue my new business endeavor.

"Everyone at Baptist was amazing from the first day on the mammography van to my aftercare today. I am so grateful **fund for the girls** was there for me. No one should have to worry about the cost of breast cancer during treatment. They should have all their focus on rest and recovery. Baptist allowed me that blessing!"

fund for the girls CELEBRATES

10 YEARS!

fund for the girls founders: Dawn Cleveland, Dr. Barbie Sullivan, Ginger Cocke, and Terri McCarver

Ten years ago four women at Baptist, burdened by the fact that Mississippi has the highest mortality rate for breast cancer in the U.S., set out to remove the financial barriers that keep these Mississippians from seeking preventative care.

Statistics show that early detection is the single most important factor for decreasing death rates. **Fund for the girls** was created to help remove the financial hurdles that discourage some from seeking needed breast health services – including screening and diagnostic mammograms, ultrasounds, and biopsies.

Mississippi Baptist Medical Center and our radiologists make **fund for the girls** possible by reducing mammogram fees for these patients. Baptist Health Foundation, through generous donations to **fund for the girls**,

provides financial assistance to cover the remaining costs.

One hundred percent of dollars raised have gone solely to providing breast health services to patients.

Since fund for the girls began in 2012, it has raised more than \$1.2 million and helped 2,000 women receive breast health care.

In 2022, 114 patients were assisted, 117 mammograms performed along with 31 ultrasounds and five biopsies. \$66,300.23 was raised through individuals, businesses, physicians and employees at Baptist.

*The goal of **fund for the girls** is simple: Provide life-saving mammograms and other breast health services to those who cannot afford them.*

HEARTS & CLUBS
GOLF TOURNAMENT

Stormy skies cleared just in time to tee off another successful **Hearts & Clubs Golf Tournament** supporting Baptist cardiovascular care. The turbulent morning weather gave way to a perfect day for golf April 11, 2022, at the Country Club of Jackson, and 30 teams enjoyed a fun afternoon of competition for a great cause.

The funds raised helped provide equipment that is now assisting our cardiovascular service line and outpatient cardiac rehab staff as they provide the lifesaving care our patients need.

We are grateful to the generous sponsors that make the event possible and the Baptist staff and volunteers who make it a success. Hearts & Clubs returns to the Country Club of Jackson on Monday, April 10th, 2023.

THANK YOU

for Supporting Our New Pediatric Waiting Area

Nobody likes to come to the Emergency Room – and when you're a child, it's even scarier.

That's why Baptist Health Foundation, through generous contributions from individuals, charitable foundations and businesses, helped fund this special section in our ER waiting area just for children – where they can feel reassured and safe.

This space is separate from where any adult patients and family members wait and makes the Emergency Department more welcoming for our youngest patients and their families. The uniquely designed room offers child-friendly amenities to help distract them from their discomfort and reduce anxiety.

Baptist has long been a hospital of choice for pediatric non-trauma care. **Approximately 6,000 children come through our ER each year – because parents trust the care of their children to our skilled and compassionate doctors and nurses.**

Baptist has treated, and loved, Mississippi's children for over 100 years and earned their trust through many generations.

Thank you for contributing to this important project to help ease the apprehension and lift the spirits of our children – and their parents – who come to us for healing and care.

THANK YOU

for your generous support

2022 Donors | January 1, 2022 – December 31, 2022

Baptist Health Foundation gratefully acknowledges all who supported the mission and ministry of Baptist in 2022.

The Legacy Society honors, and is open to, anyone who includes Baptist Health Foundation as a beneficiary in a will, trust, gift annuity, life insurance policy, or other such planned giving methods.

Carry the MISSION

Carry the Mission, our robust employee giving program, continues to make a positive impact for our team members in need as well as our community. Over 1300 employees from Mississippi Baptist Medical Center, our critical access hospitals in Attala, Leake, and Yazoo counties, along with Baptist clinics in the Jackson metro area, enthusiastically contribute making a meaningful difference for those around us.

Our donations to Carry the Mission are divided into three separate areas. Forty percent of our giving goes toward employee benevolence, scholarships

and Christmas assistance for employees who fall on hard times. Another 40 percent supports nonprofits in our area that align with Baptist's mission. The remaining 20 percent helps with special projects within the hospital like our new Chapel and Critical Care Waiting area.

In 2022, 1302 employees raised \$244,333.30 that helped 99 team members in need and 39 local nonprofits.

We are proud of the life-changing influence Carry the Mission has on our team members as well as our communities where we live and work.

“

I love **Carry the Mission** because it helps fellow coworkers who are in need. Shortly after I started working at Baptist, my husband was in an accident and I had to be off work for a while. My Baptist family helped me by donating PTO and volunteering to work weekends for me so, fortunately, I did not need to utilize **Carry the Mission**. Knowing how quickly life can change, I am glad to donate to such a great program that helps my fellow team members during difficult times.

Cosby Mortimer, Physical Therapist

”

“

When I learned about **Carry the Mission**, I signed up immediately. It's about doing the right thing, and I feel good about how my money helps so many people. It's just a small way I can support my team members and my community.

Ariel Wright, Labor and Delivery Nurse

“ I began participating in **Carry the Mission** because I saw it is just that, a great group of people literally carrying our mission forward — helping the people I work with. I’m a big believer in **Carry the Mission!** ”

Tim Sims, Executive Chef

“

When I first learned about **Carry the Mission**, Matthew 5:16 immediately came to mind. (Let your light shine before others, so that they may see your good works and give glory to your Father who is in heaven.) **CTM** helps so many people and is a fantastic program to show our team members how much we care. What a great way to let our light shine!

Dr. Kevin Heintzelman, Hospitalist

MISSION STATEMENT

Our Mission is to assist Mississippi Baptist Medical Center and critical access hospitals in Attala, Leake, and Yazoo counties in providing the highest quality health care, guided by its Christian faith, through financial support and stewardship.

VISION STATEMENT

Our Vision is to be our community's preferred health care charitable organization, recognized for extraordinary stewardship, involving all those wishing to share gifts of time, talent, and resources.
