

BLAST AWAY BURNS

INAUGURAL CLAY SHOOT

 **BAPTIST** | HEALTH
FOUNDATION

2024 ANNUAL REPORT

A THANK YOU FROM THE CHIEF EXECUTIVE OFFICER

Dear Benefactors and Friends,

Each and every day at a hospital is full of surprises. A large hospital, like Mississippi Baptist Medical Center, is about the size of a small city, made even more complex by the myriad of issues facing each patient, family, and their care team. Without a dedicated and compassionate staff, it would be impossible to get through each day, let alone a year.

As a leader, you never know when a surprise visit from an outside oversight agency might happen. As a team member, you have to be ready for a call light, phone call, or alarm that needs an immediate response. I am proud that our team is always ready for any challenge, no matter what happens.

As we look back on another successful year at Baptist, we do so knowing that, behind the scenes, there are thousands of friends like you, who are giving generously and supporting us in so many other ways – by volunteering, attending events, or recommending one of our physicians to friends or loved ones. By doing that, and more, you are part of the team that makes us a success.

While hosting a tour back in the fall of 2024, our guest, who was himself a burn victim as a child, said to us, “When the Burn Center closed in 2022, I prayed that it would come to Baptist.” We are honored to have earned that trust and work hard every day to keep it. Our hospital continues to perform exceptionally well because of our gifted staff and generous friends.

We know that it is not only your gifts to support our many areas of care, but also your prayers and friendship that help sustain us. While we cannot thank each and every one of you individually, we hope this report gives you a small glimpse into the good work you enable us to do.

On behalf of our entire Baptist team, your team, thank you!

Gratefully yours,

Bobbie K. Ware
Chief Executive Officer
Mississippi Baptist Medical Center

A THANK YOU FROM THE EXECUTIVE DIRECTOR

Dear Friends,

Every year in our Annual Report we give you a snapshot of the good work that happens through your generosity. We hope these brief stories demonstrate that your charitable gifts make an impact on real people.

Last year's Annual Report featured our new Burn Center, which came unexpectedly to Baptist in late 2022. Thanks to the generosity of many donors, crucial support for the Burn Center continued in 2024, culminating in a brand new event: Blast Away Burns. Over 120 people participated in our inaugural sporting clay shoot at Providence Hill, which generated over \$66,000 for our Burn Center. We also had many elected officials, a television crew, and a host of volunteers and friends on hand. We hope to build this event into something special in the years ahead. Please keep an eye on our website, www.blastawayburns.com, to sign up or sponsor in 2025.

Additionally, no year goes by without some incredible surprise, usually an act of generosity that comes out of the blue. In June, we opened the mail and received a surprise gift of \$48,516 from an estate attorney. One of our long-time donors had

passed away and left four charities each a share of her estate. This donor began supporting Baptist 38 years ago with an initial gift of \$10. Over the next four decades, she and her husband gave 26 times. What a legacy of generosity! If you have made a provision for Baptist in your estate plans, please let us know so we can honor you with membership in our Legacy Society.

We are touched by your kindness and appreciate every single gift, large or small. Your support helps advance our Christian ministry and makes a difference for our patients and families who trust Baptist with their care.

With much appreciation,

Stephen D. Snead
Executive Director
Baptist Health Foundation

"I can honestly say, I don't think we could have gone to any other NICU in the country and received better care than we did at Baptist."

Russ Andreacchio

TAYLOR ANDREACCHIO

NICU Patient Chooses Profession That Saved Her Life

Weighing just 1.3 pounds and arriving three months early, Taylor Andreacchio's parents, Russ and Lisa, called her a "miracle baby."

In her 19th week of pregnancy, Lisa visited her OB/GYN physician in Meridian, where they lived. He noticed she was already dilated two centimeters and had serious issues with her cervix – meaning her baby was at very high risk. Her doctors sent Lisa via ambulance to Baptist in Jackson to be closely observed by maternal fetal specialist Dr. Kenneth Perry (now retired from Baptist). Lisa was monitored for two weeks in Jackson when her baby's heart rate dropped. The doctors had to make a critical decision whether the baby was safer inside or outside of the mother. They decided it was better for Lisa to deliver.

Lisa recalled that once they decided to do the C-section, things began to happen so quickly. Everything became a blur.

"Dr. Perry prepared us that Taylor may not survive," Russ said. "They told us she was going to be about the size of a peanut. I couldn't fathom that, and was prepared for the worst. As they quickly prepared for the C-section, everyone in the room was calm and focused. It was no time at all before I heard Taylor screaming louder than I could ever imagine. I immediately saw the big smiles on the doctors' faces, and realized that was a good thing! They confirmed that her loud crying was a positive sign. There was such joy in the room!"

"She was so tiny – just 12 inches long! Her vital signs, for the most part, were good," Lisa said. "She did have to be put on a ventilator for about 24 hours and was later put on a CPAP so she would get enough oxygen. We ended up having to put her back on the ventilator for a little while, but that was really the only setback we had. All things considered, she did extremely well!"

"Her weight dropped from 1.3 to one pound which was really scary. Every time she gained a pound, I brought the staff a cookie cake to celebrate! Her little arm was so small it could easily go through Russ's wedding band – all the way up to her shoulder!"

"We were so thankful that Taylor continued to improve, but being separated as a family was

very trying. Russ would travel from Meridian to Jackson every weekend with our two-year old, Brandon, while I was at the hospital.

"After three months, right before we were to go home, we had a visit from ophthalmologist Dr. John McVey and retina specialist Dr. Michael Borne. They evaluated her eyes and saw that there were some major issues with Taylor's retina that required surgery. Dr. Borne ended up successfully performing the surgery. We learned that had they not caught the problem with the vessels in her retina, there was a very good chance Taylor would be blind today. She did wear glasses until about eight year's old. That's when she had an eye procedure and now has 20/20 vision! Another miracle!"

"The care at Baptist was incredible!" Russ said. "Every single person we encountered seemed to become part of our family and were all so well trained. As we were admitted to the NICU, I learned of another blessing. Parker Pool, whom I graduated high school with, was one of the nurses! This immediately comforted me. I can honestly say, I don't think we could have gone to any other NICU in the country and received better care than we did at Baptist. They are all so special!"

Taylor is now 21 years old and graduates from nursing school in May. "Taylor has a very nurturing personality and loves little babies," Lisa said. "She wants to continue her training and ultimately become a NICU nurse. I can't think of a more fitting profession for someone who has experienced such an incredible journey!"

SCOTT WILLIAMSON

Robotic Cardiovascular Surgery Patient Grateful for Outstanding Care

Scott Williamson enjoyed a normal life as husband, father and medical researcher. Diagnosed with mitral valve prolapse at 34 years old, his doctors monitored the condition, later prescribed medication for it, and he never had any problems – until five years later. (Mitral valve prolapse is a heart congenital condition where there is abnormal valve closure – potentially causing leakage of blood back into the heart's left atrium as the heart muscle contracts.)

In 2015, while Scott and his wife Rachel were vacationing in Hawaii, Scott began to feel bad and started coughing up blood. When they returned home, he went to the doctor and was told he needed surgery to repair his mitral valve. His physicians, who practiced at a nearby hospital, recommended the surgery be performed robotically to avoid “opening up” his chest. The doctors said Scott and Rachel needed to go to the Cleveland Clinic in Ohio since they didn't think anyone in Mississippi performed the surgery robotically. The Williamsons did not want to travel, having two young children and a busy schedule, so they started exploring their options. They soon learned that robotic surgery actually was performed at Mississippi Baptist Medical Center. In no time at all, Scott was scheduled for the mitral valve repair at Baptist.

The repair itself went very smoothly; however, physicians incurred an unexpected problem with Scott's lungs as they were wrapping up the surgery. Apparently, unknown to Scott and any of his physicians,

he had a pulmonary condition which made it difficult for his lungs to re-inflate. (For this surgery, the surgeon must deflate the lungs to access his mitral valve.) Dealing with the unexpected lung issues prolonged the surgery and his hospital stay. He was in ICU six days with a total hospital stay of two weeks.

“The surgical team kept me informed the entire time during his surgery,” Rachel recalled. “I can't say enough good things about the care we receive in the hospital,” she continued. “Those nurses just loved on us and anticipated every need we might have. I have worked in a hospital before, and I have never seen people who cared like the people at Baptist did. They were amazing!”

“My twin sister, who is a nurse in another state, was with me during Scott's surgery, and she was very impressed as well. More recently, my 86-year old mother had a serious fall at an assisted living facility. She was taken to another hospital and I immediately had her moved to Baptist. I just can't say enough good things about the care my family has received there!”

Scott echoed Rachel's sentiment. “The care was amazing! The staff was extremely competent and kind even though I probably wasn't the best patient,” he laughed. “I felt so confident in their care and I'm convinced the doctors and nurses at Baptist saved my life. We are so grateful for all of them!”

I have worked in a hospital before, and I have never seen people who cared like the people at Baptist did. They were amazing!”

Rachel Williamson

***The care was extraordinary --
they never treated me like I
was just another patient."***

Jasmine Beamon

JASMINE BEAMON

Grateful for Extraordinary Burn Care

"The day started just like any other day at school," said Jasmine Beamon, kindergarten teacher. "I had just sent the students down the hall to the restroom before class began. Without any warning at all, the whole room exploded. My entire body was engulfed in flames. My husband is a fireman and always made our family do fire drills, so I instinctively stopped, dropped and rolled toward the door. Another teacher reached in from the hallway and pulled me toward her, then threw herself over me to finish putting out the flames. I was severely burned on my legs, thighs, back, and arms. The pain was excruciating!"

An ambulance rushed Jasmine to Bolivar Medical Center in nearby Cleveland, Mississippi, where she was to be flown to Mississippi Baptist Medical Center in Jackson. However, due to severe weather, she had to travel by ambulance instead.

After arriving in Jackson, Dr. Culnan (Baptist's burn surgeon) performed surgery on her. "I ended up having four surgeries within about a month's time to graft my skin," she recounted. "To do the skin grafts, Dr. Culnan scraped skin off of areas of my body that had not been burned," she explained. "He mixed the healthy skin with a solution. He then put a mesh over the burned areas and sprayed the solution onto the mesh. Over a period of several weeks, new skin began to grow. It was amazing!"

"I'm now in the midst of the 12 rounds of laser treatments that I'm scheduled to have. The scarring from the burns is really

thick and raised and the laser treatments help break up the scar tissue. The scarring causes intense pain and itching. The laser treatments help with that, but it's a slow process.

"I'm so thankful for all the support my family gave me. For several weeks, I could barely walk, and I couldn't use my hands at all. They had to help me get dressed, eat, brush my teeth - everything! The people I worked with brought us meals which was great! Thankfully, none of the students were injured and, though we're not yet certain what caused the explosion, everyone came together to help me through this.

"We have five children - a 12-year old, six-year old and triplets who are three-years old. My poor husband had his hands full! He, my mother, sister and the good Lord helped me through all this. I now can walk and use my hands - I feel like I am recovering very well!"

"There are not enough words to say how awesome the people at Baptist have been. I think I bonded with every doctor, nurse and therapist there. The care was extraordinary -- they never treated me like I was just another patient. They were always asking if I needed anything, and would even ask my husband if there was anything they could do for him. They truly went above and beyond what we expected. Hands down, Baptist is my only choice for a hospital!"

THANK YOU

We are grateful for individuals and organizations who generously support Baptist.

Valda Miller, a faithful (now retired) volunteer and generous friend of Baptist, graciously contributed to the Burn Center in memory of her grandson Ryan "Dooley" Miller. Mrs. Miller purchased much-needed ICU beds for the Burn Center.

Telagen, LLC has made frequent gifts supporting Women's Services. Their recurring contributions help the Labor and Delivery Department purchase equipment and provide better patient care.

Vicksburg Medical Foundation made a generous donation toward the Burn Center to help purchase surgical equipment.

Additionally, the Burn Center received a grant from Entergy Mississippi to help provide patient care.

Faith. Hope. Love.

HEARTS & CLUBS GOLF TOURNAMENT

2024 IMPACT

128 participants

\$57,000 raised
for the Baptist
Heart Mobile
Cardiovascular
Unit

Teeing up for a great day, golfers, volunteers, and Baptist Heart staff joined Baptist Health Foundation at the Country Club of Jackson on Monday, April 15, for the 8th annual Hearts & Clubs Golf Tournament. The 128 participants and generous sponsors helped raise more than \$57,000 for the Baptist Heart Mobile Cardiovascular Unit that will take cardiac risk screening services to underserved areas across Central Mississippi.

Baptist Heart staff welcomed participants by providing blood pressure checks, sharing information on Baptist Heart screenings, and answering questions about the Mobile Cardiovascular Unit.

We appreciate the individuals and organizations who entered a team or sponsored the event and the dedicated volunteers who helped make the event a whole-hearted success!

Patients Assisted: **92** | Mammograms: **93**
 Ultrasounds: **28** | Biopsies: **8**

Mississippi ranks among the top states in the country for the highest breast cancer mortality rate. Statistics show that early detection of breast cancer, primarily through screening mammograms, is the single most important factor for decreasing death rates. In light of this unsettling data, Baptist created the initiative called **Fund for the Girls**, which removes financial barriers that often prevent some from seeking needed breast health services – including screening and diagnostic mammograms, ultrasounds, biopsies and other services as medically indicated.

Mississippi Baptist Medical Center and our radiologists make **Fund for the Girls** possible by reducing mammogram fees for these patients. Additionally, Baptist Health Foundation, through generous donations to **Fund for the Girls**, provides financial assistance to cover the remaining costs.

One hundred percent of dollars raised for **Fund for the Girls** goes solely to providing breast health services to Mississippi Baptist Medical Center patients who need it most. These donations come from thoughtful individuals, businesses, schools and numerous community organizations.

The goal for **Fund for the Girls** is simple: Provide life-saving mammograms and other breast health services to those who cannot afford them.

2024 IMPACT

125 participants
\$64,000 raised for
Mississippi Baptist
Medical Center's
Burn Center

Baptist Health Foundation hosted its inaugural Blast Away Burns Sporting Clay Tournament at the picturesque retreat of Providence Hill Farm on Friday, November 15, 2024. All proceeds benefitted Mississippi Baptist Medical Center's Burn Center for its life-saving work -- uplifting burn patients and families from across Mississippi and surrounding areas.

A true sporting paradise, Providence Hill is nestled off the backroads of rural Hinds County with rolling hills and winding, wooded pathways providing the perfect

setting for a first-class event. The tournament kicked off with a fabulous catered lunch followed by an exciting shotgun round of clay shooting, and concluded with a social hour and special prizes. The day was a huge success raising more than \$64,000 and attracting 125 participants and 14 sponsors from across central Mississippi.

We are grateful for all the enthusiastic participants, generous sponsors and tireless volunteers who made the first annual Blast Away Burns such an exceptional experience for everyone involved!

The Legacy Society honors, and is open to, anyone who includes Mississippi Baptist Medical Center as a beneficiary in a will, trust, gift annuity, life insurance policy, or other such planned giving methods.

Carry the MISSION

Baptist team members enjoy a remarkable culture demonstrated through an impressive employee giving program called **Carry the Mission**. This employee-driven initiative impacts fellow co-workers and the communities where we live and work. Forty percent of every dollar donated supports employee benevolence, another 40 percent assists community nonprofit organizations and 20 percent helps with hospital and community outreach.

In 2024, nearly **1,500 team members** from Mississippi Baptist Medical Center, our critical access hospitals in Attala, Leake and Yazoo counties, along with Baptist clinics in the Jackson metro area, contributed **\$261,526.34** to **Carry the Mission**. This enabled our co-workers to help **146 fellow employees** with benevolence, scholarships and Christmas assistance and also supported **34 nonprofits** in our community.

We extend a tremendous “thank you” to our amazing team members for their generosity, compassion and staunch support.

“CTM has helped me in times of need - that's why I give. I appreciate that there is a program where employees are able to get help without feeling embarrassed. I am thankful CTM is there for all the employees at Baptist!”
