

MISSISSIPPI BURN, HAND & RECONSTRUCTION CENTER JOINS BAPTIST

 **BAPTIST** | HEALTH FOUNDATION

2023 ANNUAL REPORT

Dear Friends of Baptist,

Even when you expect the unexpected in health care, you can still be surprised. 2023 certainly proved that once again. As a Baptist supporter, you already know we unexpectedly became the home of a Burn Center at the end of 2022. Burn care in Mississippi was the subject of many headlines in 2023, but from my vantage point, *it was much like every story at Baptist where, quietly and in the spirit of our Christian healing ministry, a dedicated team put in a lot of work to generate a tremendous outcome for our community.* The results have been nothing short of miraculous.

Thank you

Dear Friends,

When I walk the halls at Baptist, I wish I could bring you, our generous supporters, along with me. *Every day, I get thanked for the good work that you do!*

While giving a tour of our new Critical Care Waiting Room you helped fund, a woman whose husband was in the midst of a seven-week hospital stay shared with me that she was staying in the waiting room every night. They live three hours away and could not afford that many nights in a hotel. The waiting room is equipped with furniture that converts to beds, and it includes showers and lockers, allowing our families to have a home away from home. She was so grateful for a comfortable and safe place to stay just downstairs from her critically ill husband.

In another encounter, a nurse leader and colleague of mine told me he "almost cried" when he found out the Foundation was going to provide a much-needed renovation for one of

In the following pages, you will see an article about the Burn Program. I cannot tell the entire story in this space; but, needless to say, dozens of people put in long hours to make the Burn Center at Baptist a success. Dr. Derek Culnan and his team take great care of these families - numbering in the thousands each year - whose lives are upended by a tragedy. We are pleased to call them our new colleagues.

In addition to supporting the Burn Center, you graciously provided state-of-the-art Labor Beds to enhance the labor and delivery experience for our new mothers. You helped purchase advanced mammography equipment for our Madison campus, and you gave generously to establish a Small Baby Unit in our NICU for parents to be close to their critically ill newborns. This special unit will open later in 2024.

Your support really does help us stay on the leading edge of care. Once again, in 2023, US News & World Report recognized Mississippi Baptist Medical Center as the **#1 hospital in Mississippi**. Another prestigious honor this year included our re-designation as a Magnet hospital. Without you, these incredible achievements would not be possible.

I truly cannot thank you, our generous donors and friends, enough for the vital contributions you made to the Baptist Health Foundation this past year.

With appreciation,

Bobbie K. Ware
Chief Executive Officer
Mississippi Baptist Medical Center

Each generous donor provides a pathway for our Christian healing ministry to generate miraculous outcomes.

our intensive care units. On a different occasion, a group of nurses helped me host a tour with leaders from the Feild Cooperative Association, to see the results of their grant - new labor and delivery beds. You should have seen all the smiles on the nurses' faces as they shared how much they appreciated the new beds and beautiful updated rooms.

Late last year, we had the privilege of hosting Jean and Kelley Williams, their family, and the children of the late Dr. Mart McMullan. You recall on last year's cover, Kelley Williams was pictured with Dr. Earl Fyke, one of the two doctors he honored with his generous gift in 2022. Coming full circle, the families gathered to see our new cardiac catheterization lab and the plaques honoring Dr. Fyke and Dr. McMullan. We celebrated that milestone with them and on each page of this report, *we celebrate many milestones with you.*

Your contributions to so many of our critical efforts - the Burn Center, Small Baby Unit,

specialized equipment for mammograms, oncology, and neonatal intensive care - go a long way in enhancing the care our patients receive.

I know you cannot walk the halls with me every day, but from all of us at Baptist, thank you for your incredible generosity!

With gratitude,

Stephen D. Snead
Executive Director
Baptist Health Foundation

Mississippi Burn, Hand & Reconstruction Center Joins Baptist

When Mississippi's only burn center closed suddenly in October 2022, Dr. Derek Culnan remained committed to the patients he had been treating for years. The talented surgeon who led the now-closed Burn Center at Merit Health Central, approached Mississippi Baptist Medical Center about opening a burn and reconstruction center here.

In a very short amount of time a new, energized Mississippi Burn, Hand & Reconstruction Center at MBMC was a reality.

"Once we got word that the burn center at Merit was about to close," Dr. Culnan said, "I researched hospitals throughout the state to see who was capable, willing, and suited to best provide the infrastructure and level of care needed to successfully take its place. It didn't take long to come to the conclusion that Mississippi Baptist Medical Center was the clear choice."

Burn patients are typically long-term patients, requiring frequent clinic visits, reconstructive care, and therapy. It was critical to fill the void in burn care as expeditiously as possible. Baptist personnel moved quickly to adjust and organize available spaces so that Dr. Culnan could start immediately.

Dr. Culnan and his team's last day at Merit Health Central was October 15, 2022, and they saw their first outpatient at Baptist on November 15, with the first surgery performed on November 29. On July 24, 2023, Baptist earned the designation as an accredited burn center from the Mississippi Department of Health.

Baptist swiftly scaled up to become a comprehensive specialty service line with 34 beds, including 10 ICU beds and a stepdown unit – all dedicated to burn patients. With clinical, surgical, and recovery components already in place, the capability to serve current patients and the capacity to grow existed. Plus, a helipad within a few steps of an entrance provided emergency burn patients quick access to care.

"Another distinguishing aspect about Baptist is it is a faith-based institution," Dr. Culnan stated. "You see it – and feel it – the minute you walk in the doors. I really like that, and I think it means a lot to our patients."

Led by Dr. Culnan, who is triple board-certified in general surgery, plastic surgery, and critical care/burn surgery, the Mississippi Burn, Hand & Reconstruction Center now serves countless individuals and industries in Mississippi. Critically, he is the only fellowship-trained burn surgeon in the state and is supported by six midlevel providers who cumulatively have decades of experience in burn, hand, and reconstruction care.

"Baptist is enthusiastically committed to the burn program."

BOBBIE WARE,
MISSISSIPPI BAPTIST
MEDICAL CENTER'S CEO

Burn treatment is not available in most communities, where available medical infrastructure cannot support the necessary high levels of specialized critical care. Without a convenient burn center in Mississippi, many patients would have to travel three hours or more for treatment when burn injuries are always time sensitive. Since launching the Center, we have treated more than 2,100 patients from a wide service area, including adults and children from communities in nearly every part of Mississippi.

These patients represent diverse backgrounds and circumstances. Burn accidents often happen alongside other complicated social issues and events, such as poverty, drug abuse, house fires, and unsupervised children – approximately 15% of the Center's patients are children.

Burn, hand, and reconstruction surgeries are often associated with industrial accidents, which are prevalent in Mississippi. With more businesses moving to Mississippi, there is no shortage of industries in need of our care.

In addition to caring for burn patients, Dr. Culnan also treats patients with severe hand injuries and other wounds requiring significant reconstruction. Like burn surgery, hand reconstruction requires a highly experienced team of experts who can treat injuries to the tissue, tendons, muscles, and nerves of the hand.

"It didn't take long to come to the conclusion that Mississippi Baptist Medical Center was the clear choice."

DR. DEREK CULNAN

Dr. Culnan is the only surgeon in the state who performs replantations of digits, hands, and arms. Without his care, patients would have to travel to Nashville or Mobile, if they are accepted at those facilities at all. Further, our team includes talented certified hand therapists who have years of experience in burn therapy and work closely with Dr. Culnan to restore function to people's hands.

Amazingly, we have come a long way in a short period of time – thanks to Baptist Memorial Health Care Foundation (Memphis), the Vicksburg Medical Foundation, and many generous donors who have rallied behind this major project by helping us purchase critical supplies and equipment. However, there is much more to do to fully serve the volume of patients Mississippi demands.

"Baptist is enthusiastically committed to the burn program," said Bobbie Ware, Mississippi Baptist Medical Center's CEO. "We are proud of what we have organized with the help of our

dedicated staff and generous community support. Fortunately, we have the space and infrastructure to meet the growing number of these critically injured patients. We will need additional funding to renovate the space as well to purchase more specialized equipment. After seeing our staff and community rise to the occasion in such an amazing way, I'm confident this program will thrive and grow to offer lifesaving care to many, many people for years to come."

SHANIKA HANNAH

Burn Patient Grateful for Recovery

Ringing in the 2023 new year with fireworks, family, and friends sounds like how most Americans celebrate the beginning of another year. However, for Shanika Hannah, the occasion altered her life dramatically.

She was shooting fireworks with her boyfriend and family members on New Year's Day when she realized something unusual with the cherry bomb she was holding. Before she could react, it exploded in her hands.

"It happened so quickly!" Shanika said. "In an instant, my right hand was shattered. There was blood everywhere. I was in total shock, but I didn't feel pain - at first."

"My boyfriend rushed me to Merit Hospital where we learned they had just closed their burn center and moved it to Baptist. I left Merit by ambulance and went to Baptist's ER. By then, the pain started, and it hurt really, really bad. They gave me pain medicine, but it didn't help."

"After I got to Baptist, one of the first things Dr. Culnan (Baptist's burn surgeon) did was take lots of x-rays of my hand. He said he had to see what I had left of my hand to work with. He didn't sugar coat anything and I appreciated that. Because of the burning and explosion, I had serious nerve and tendon damage, a severed artery, fractured wrist and both thumbs dislocated. With several surgeries, he grafted skin from my thigh onto my hand, replaced a damaged bone with an artificial bone, put in a plate, and inserted several pins on both hands. I was going to need a lot of healing and physical therapy."

"For a living, I clip and groom dogs, so I was not going to be able to do that and didn't know if I ever would again. I couldn't bathe, feed myself, brush my teeth or dress myself. With intense physical therapy, over several weeks, I gradually began to be able to use my hands. Progress was slow, but it was exciting to see improvement."

"After three months, I was finally able to take care of myself and, after seven months, I could use my tools to groom pets. I would say I am now about 90 percent back to my normal hand movement. I am incredibly thankful."

"When this first happened, I thought there was no way I was going to be able to keep my hand. Thanks to Dr. Culnan and the awesome team at Baptist, I am practically well now! I would return to Baptist about once a week for therapy and everyone was extremely positive and hopeful. Dr. Culnan, the nurses, and the physical therapist were so kind and encouraging. I felt we were all in this together, and they all brought me through it in such an amazing way. I can't believe I am where I am today!"

"I felt we were all in this together, and they all brought me through it in such an amazing way."

SHANIKA HANNAH

THE YARBROUGHS

Back-to-Back Pediatric Visits Reinforce Positive Experience

Sara Yarbrough's family got a double dose of Baptist's pediatric services in 2023, and she says she couldn't be happier with the outcome.

"My middle child, Raife, had been feeling progressively worse," she recalled. "My husband and I were working, so my dad took him to the doctor who diagnosed Raife with RSV and dehydration. The doctor was able to direct-admit him to Baptist's Pediatric Unit. The admission process was flawless! I couldn't believe he was admitted and hooked up to IV fluids in under thirty minutes! However, as hours rolled by, he didn't seem to improve. His cough worsened, and he spiked a fever. His doctor ordered a chest x-ray that revealed he had double pneumonia. They immediately started him on an antibiotic, and within 12 hours, he started to perk up."

"All the staff on the unit there were great! There was one particular nurse, Teresa, who was really special. Raife felt terrible and was, understandably, being quite moody. He wouldn't talk to anyone. Teresa was persistent, though. She would always try to coax him to smile, but he wasn't giving in! The next morning, Teresa brought him one of the unit's tablets to amuse him, but he still wouldn't even look at her. On our third (and fourth) day, Teresa was our nurse again. She came in the room while Raife was playing a game on the tablet, walked up beside him, and started playing the game with him. He looked up at her, and for the first time in four days, we saw a little smile come across his face - that was just the best thing! She never gave up on Raife, and I just loved that!"

"Two weeks later, my oldest child, Weldon, complained of a stomachache while struggling to complete his homework. He rarely complains so I was suspicious, but he went to bed after completing his assignment. The next morning, I learned he felt even more sick during the night but didn't want to wake anyone up! Once more, my dad helped us out by taking him to the doctor. To our surprise, we learned his white blood cell count was elevated.

"He, too, was direct-admitted to Baptist's Pediatric Unit where again, the admission process was super easy! A CT scan confirmed he had appendicitis, which was going to require surgery. Weldon was scared, but all the staff were incredibly nice and helpful. The next morning, the nurses came in to give bedside report and there she was - Teresa! It was such a delight to have her as our nurse again! Everyone there - dieticians, housekeepers, nurses, doctors, respiratory therapists, transport, every single person - was fantastic. I've been a pediatric nurse myself at another place, and I have to say that I just love Baptist. The people there are really special!"

"I've been a pediatric nurse myself at another place, and I have to say that I just love Baptist. The people there are really special!"

SARA YARBROUGH

ALEX BURROW

“Healthy” Retired Pilot Undergoes Bypass Surgery

Alex Burrow thought little of the shoulder pain he was experiencing one Saturday morning in February 2023. Later that day, the 69-year-old retired airline pilot sensed a burning feeling in his upper chest. Again, he wrote it off after taking an aspirin. A few months later, in late May, they took a family trip to the beach, and when he got back, he went for a walk in his neighborhood. Alex had always stayed active by walking, jogging, and doing a lot of carpentry projects around his home. When he returned from his walk, he once again felt a mild burning in his upper chest and was unusually sweaty and uncomfortable. At 10 p.m., he finally decided to go to Baptist’s ER.

“The ER was very responsive,” he recalled. “They performed an EKG and some other tests including a blood test. The bloodwork revealed that my cardiac enzymes were elevated and that got their attention. The doctor wanted to check it again in three hours, and if it were still high, I would have been admitted.

“Well, it was still high so I was admitted. After looking at the results of my tests and talking with me, Dr. Chris Waterer (MBMC cardiologist) said I needed a heart catheterization to get a better understanding of what was going on. Much to the surprise of my family, the cath revealed I had a couple of arteries that were blocked 70 – 85 percent. We discussed the options I had and decided to go ahead and do a double bypass.”

“We were all just stunned that he had any blockage at all, because Alex is very fit,” said Susan, his wife. “He stays active, eats healthy, and doesn’t have an ounce of fat on his body. Everyone who knows Alex just couldn’t believe that he, of all people, was having cardiac bypass surgery! It was very sobering. We are thankful he didn’t continue to ignore the ‘off and on’ symptoms he was having.

“Everything with the surgery went extremely well,” she said. “From admission to discharge, all the people were just super. They were thoughtful, kind, thorough, professional, and just really great – every single one of them! They took time to explain exactly what was going on and were very patient with all the questions we had. The care he received was outstanding!”

“When I went home, I did everything I was supposed to do to help with recovery,” Alex stated. I measured a pathway inside our house so I could walk laps through the rooms and hallways to get the prescribed exercise since the heat was so extreme that summer. I also participated in Baptist’s Cardiac Rehab program where the staff was just incredible. Slowly, I regained my strength and stamina. I feel great now!

“I wouldn’t want to have the surgery again,” he laughed, “but I can’t think of anything my care team could have done better. It was a great experience at Baptist!”

THANK YOU

for the difference you make!

Thank you to our many friends - individuals, families, foundations, and businesses - for your generosity enabling us to acquire advanced equipment to help deliver high quality, innovative care to our patients.

In 2023 you helped Baptist Health Foundation purchase numerous critically needed, specialized devices to care for burn patients who have unique challenges. These items allow our staff to more efficiently and effectively care for our severely wounded burn victims. Additional funds were provided by the Feild Co-Operative Association to purchase modern Labor and Delivery beds offering greater comfort for new mothers and improved access for staff members. Several new major commitments were made for our planned mobile cardiovascular unit and funds were allocated from our Heart Fund to renovate space for a new CT scanner to enhance patient experience. Finally, we opened the brand new Cath Labs and celebrated with the Williams Family as they honored Dr. Earl Fyke and Dr. Mart McMullan. All these accomplishments, and many more, would not be possible without YOU!

fund for the girls

fund for the girls is truly a game-changer for some women who receive the dreadful diagnosis of breast cancer.

With Mississippi having one of the highest breast cancer mortality rates in the nation, Baptist recognized a tremendous need to assist those who could not afford breast health services. Statistics show that early detection of breast cancer, primarily through screening mammograms, is the single most important factor for decreasing death rates.

That's why Baptist created the initiative called **fund for the girls** - to help remove financial barriers that prevent some from seeking needed breast health services including screening and diagnostic mammograms, ultrasounds, biopsies and other services as medically indicated.

Mississippi Baptist Medical Center and Baptist's radiologists make this program possible by reducing mammogram fees for these patients. Additionally, the Baptist Health Foundation extends monetary assistance to cover the rest of the cost. The thoughtful contributions to the Foundation come from generous individuals, businesses, schools and other community organizations.

One hundred percent of funds raised for **fund for the girls** is used to provide breast health services to patients in our community who need it most.

2023 IMPACT

A chilly April morning gave way to a perfect day for golf with 28 teams teeing off at the 7th annual Hearts & Clubs Golf Tournament on April 10 at the Country Club of Jackson. Proceeds from the tournament support cardiovascular services at Baptist Heart and help provide equipment for outpatient cardiovascular rehabilitation.

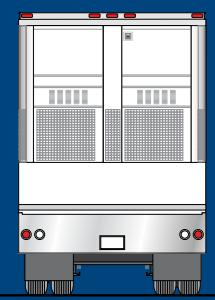

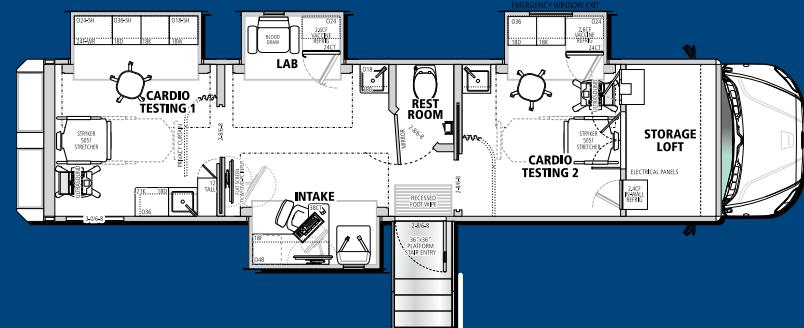

Participants enjoyed beautiful weather, a delicious lunch, a post-round awards reception and much more. We are grateful for the enthusiastic golfers, generous sponsors and dedicated volunteers who made the tournament a huge success – and lots of fun!

Hearts & Clubs returns to the Country Club of Jackson on Monday, April 15, 2024, for another great golfing experience.

* Deceased

The Legacy Society honors, and is open to, anyone who includes Mississippi Baptist Medical Center as a beneficiary in a will, trust, gift annuity, life insurance policy, or other such planned giving methods.

Carry the Mission, our dynamic and unique employee giving program, vividly demonstrates Baptist's compassionate and community-minded culture. In 2023, more than 1357 employees from Mississippi Baptist Medical Center, our critical access hospitals in Attala, Leake and Yazoo counties, along with Baptist clinics in the Jackson metro area, contributed \$255,449 to assist our team members in need as well as to help local nonprofits in our area.

Carry the Mission distributes funds to three different categories: 40% toward employee benevolence, 40% for community assistance, and 20% to the Baptist Health Foundation for special needs within the hospital. In 2023, CTM assisted 134 employees through its Employee Benevolence Fund which includes scholarships and Christmas assistance. Also, in 2023, CTM helped enhance our community through supporting 21 nonprofit organizations.

We are very proud of the impressive difference CTM makes every year for our team members as well as the community where we live and work.

"Giving to charity is meaningful and important because it aligns with the biblical principle of love and compassion. In Luke 6:38, it says, 'Give, and it will be given to you.' By giving to those in need, we demonstrate God's love and fulfill our duty to help others."

**DR. MELISSA SANDERS
BAPTIST MEDICAL CLINIC, PEARL**

"The Lord has blessed me so much, and it makes me happy that I can give to help other people. Carry the Mission makes it easy to help those in need and the community where I live. I love Carry the Mission!"

MISSION STATEMENT

Our Mission is to assist Mississippi Baptist Medical Center and critical access hospitals in Attala, Leake, and Yazoo counties in providing the highest quality healthcare, guided by its Christian faith, through financial support and stewardship.

VISION STATEMENT

Our Vision is to be our community's preferred health care charitable organization, recognized for extraordinary stewardship, involving all those wishing to share gifts of time, talent, and resources.

Prayer Room on Sixth Floor

*“Ask and it will be given to you;
seek and you will find; knock and
the door will be opened to you. For
everyone who asks receives; the one
who seeks finds; and to the one who
knocks, the door will be opened.”*

MATTHEW 7: 7-8
